

# Project Learning Tree Workshop

Teachers, scout leaders, home schoolers and educators of students grades K through 8th can attend Claude Moore Park's free workshop to explore nature topics and hands-on activities to share with their students. Project Learning Tree's nationally-recognized environmental education curriculum provides the guidance needed for an adult leader and students to discover trees and their importance to our environment, plant development, habitats, and other outdoor understanding using games, stories, and many other fun activities that can be done indoors and out. Participants must attend the entire workshop to receive the free PLT curriculum.

Registration required. Please return the attached application form or call 571-258-3704 or email [dodie.lewis@loudoun.gov](mailto:dodie.lewis@loudoun.gov) to register.

**Saturday, April 5, 2008**  
**8:30 a.m. to 4:30 p.m.**
